

# Cater a Meal Comfort our Families

Something as simple as having a nourishing meal at the hospital is very meaningful to families with sick children. And because families want to stay close to their children, they often do not leave the hospital to get food.

**You can help provide a little comfort to our families  
by sponsoring or catering a meal at our Ronald McDonald Family Rooms.**

Ronald McDonald Family Rooms are comforting havens for families to rest while their children heal. Our meal program not only helps our families save money by not having an added food expense, but it also takes away the hassle of food preparation and brings dinner to them, right in the hospital, close to their children.
